## Your Membership Matters!

The arts do more than merely entertain us. They give us an opportunity to connect with each other on some of the most important discussions of our time. They help us feel a part of a community, and they allow us to discover hidden talents within ourselves. The arts bring a community together and create a vibrant and creative culture. They attract people to a community and help keep them there. The arts are more than a segment of a community, they are the heart of a community. Your membership in the West Central Illinois Arts Center aids in continuing these important qualities in Macomb and the region.
