

# Your Membership Matters!

The arts do more than entertain us. They help create a healthy community.

A healthy community provides a place where people can interact with each other, discuss important issues, and celebrate creativity. A community that values the arts offers opportunities for people of all ages to discover their talents and provides a place to display and share these talents with others. This creates a vibrant community and a sense of belonging. The arts are more than a segment of a community - they are the heart of a community. Your membership in the WCI Arts Center aids in fostering these important qualities in Macomb and the region.
